### A Message From The President

#### *Good Day Probian*s

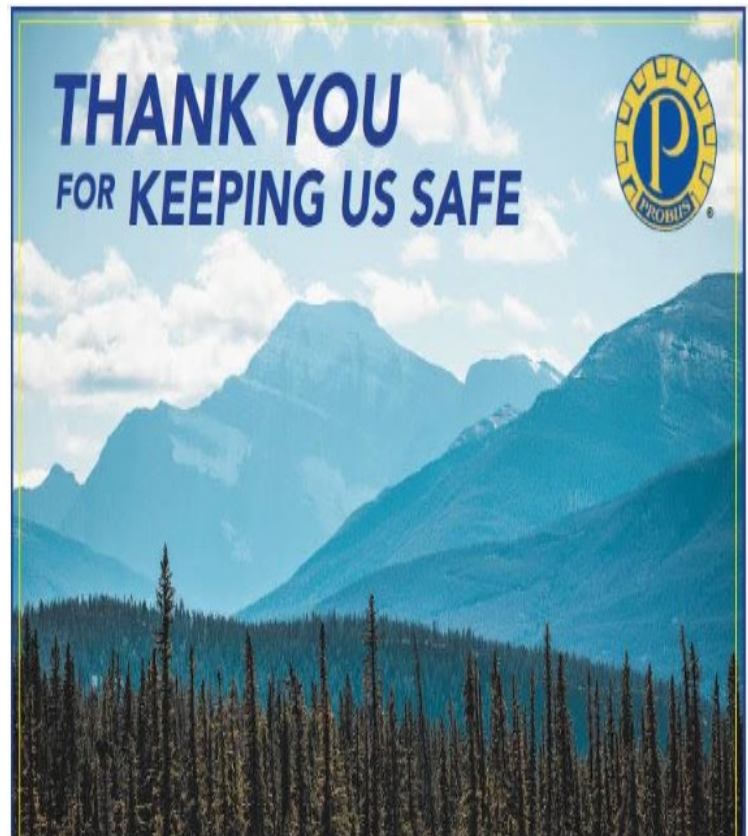

*I hope this newsletter finds you safe and in good health. It has been a year of firsts and unknowns. We are all missing our connections with fellow members either through our monthly meetings or our participation in the many activities that our club provides. Many are asking when we will be able to continue with our normal lives. These are questions that have no answers.*

*The Management Committee meets monthly through Zoom to continue working through the business aspects of the club. We are following the advice of Probus Canada along with our Probus Canada President.*

*So far, we have postponed our A.G.M. till we are able to meet again in person and hope to induct the new members of our Management Committee. We are committed to adhere to current and changing Federal, Provincial and Municipal Guidelines and Health Authorities. We can not make any decisions without their directive. Since these government agencies change their minds weekly, it is difficult to plan for our coming year. We will keep you up to date with our decisions through our Newsletter or Special Editions. Make sure your information is current in the renewal of your membership form.*

*Stay healthy, stay safe.*

*Yvonne Yersh, President*

Over 40,000 seniors who gather in friendship and learning in the 256 PROBUS clubs across Canada want to express our heartfelt appreciation to the front line and essential workers keeping us safe during the current pandemic.

Our thanks to all members of the medical community who are placing themselves at risk, those who provide the services to keep our homes functioning, and those who maintain the food supply chain without which we could not survive. Our thanks also to the combined efforts of every level of government and the companies who have collaborated to ease the financial burdens faced by so many at this time.

*You make us incredibly proud and grateful to be Canadians*
