“Our Waterloo”

### Nominating Committee Update

Your nominating committee is pleased to advise we are making progress on your behalf, regarding next year's Management Team.

At the time of writing, we have openings for a chair for the following positions: Program, Facilities, and Public Relations.

Please note that you would not be working alone, but with members of a committee. Also, I'd like to draw to your attention that we are not a service club, therefore there is no fund raising involved. We are a group of retired or semi-retired business or professional women who value and enjoy coming together and listening to stimulating speakers, making new friends and participating in special interest groups and events. We welcome your participation.

Your nominating committee would be pleased to hear from you and answer any questions or concerns. Please feel free to call anyone of us: Joan Moyer, Lorna Renwick, Pat Templeton or Diane Day.

## Message from your President

It's just over half way through my term as your President and I wish to thank each one of you for your amazing support. As you know, one of my goals this year has been to ensure that 'no one is left alone' at break or as you have got used to my saying 'Morning Tea'. I have watched as each of you has made sure that our new members and even those who have been members for some time, have always had someone to talk with. Fellowship is a two way exchange isn't it, and whilst we don't always see eye to eye, we accept and embrace our differences. My other goal was 'change'. Thank you for accepting the changes I have made. These include the beginning of the meeting where we use the flickering of the lights to signal that it's time to grab that coffee and sit down for the start of the meeting, rather than the judge-like hammering of the gavel. As well, the reduction in repetition of information at the podium has allowed us more time for other items of interest. Using the slide show has enabled that change to happen. It is important that your Activities 'Chairs' speak at times and you will have noticed that this still happens.

It is time to think about the next group of committed women who will lead this Club. I realize that many of you are already committed to other organisations. We have amazing women within our Club who have been in leadership within their professions and who are enjoying not having that sort of commitment just yet. I understand that too. But what I'd like to men-

tion is the strong bond that is formed by those of us on the Management Team, by those who serve on the Committees of Program, Special Events and Travel. If you take on one of the top leadership roles, the commitment time-wise is approximately 10 hours a month; committee participation requires far less. The skills needed are humanity, integrity, organising and planning. These are skills you all have regardless of what sort of profession or business you were in. Being a woman requires those skills, doesn't it? Please, do not be afraid to come forward! If you are keen to help out or just keen to see what happens, you are welcome to come to any of the meetings held by the Management Team, Program, Travel or Special Events Committees. Please email me or talk to me at the March meeting. I'd love to be swamped with interest that can be passed onto the Nomination Committee.

The wonderful warm hum of women enjoying talking to each other is a strong factor in the success of our Club. As you know we have now reached our cap of 200 members and a Waiting List has been started, which I think will keep growing. But fear not if you are on that List, we usually have a number of non-renewals come the start of our year, so in Fall, you should be able to find a place and become a regular member.

As you read this, I shall be starting my journey back from fleeing our winter. Because of Probus, I have met and made the most wonderful friends with whom I enjoy travelling and socializing. Thank you, Probus.

In fellowship  
Kathy Cron

**Dance:** I have a number of names for the possible formation of a Dance group. What we need now is a venue and a leader, do come and see me at the March meeting and help us get this off the ground in what will be the infamous Cambridge Riverside Dance Corp!

**Pickleball:** Many of you will have heard of Pickleball and I know that some of you play it. One of our members approached me at the February meeting asking if we could add that fun activity to our list. What we need is a suitable place, equipment and someone who would be keen to help organise this. We'd rather have our own group than join the groups that play at some of the Senior Centres. Do come and chat with me at the March meeting.

**Garden Group:** Cathy Coyle and Diane Day are forming a Gardening Group, so do come to the March meeting to hear what they are planning.

**Book Group No 2:** Thank you to Linda Meyette for forming the second Book Club which meets on the 4th Wednesday of each month. Contact Linda at 226-474-1256 for more information.

**Knitting:** We are noticing an increase in Members' interest in knitting, so let's form a group for it. Please come and see me at the March meeting if you're interested in being part of this new group.

**Curling:** It was exciting to hear that a number of our new members curl. If you are interested in forming a new group for this sport, please come and see me at the March meeting.
